

Evergreen Cat Lodge

Boarding Checklist

Owners often ask us what they should bring when they board their cat. The simple answer is - Bring whatever you think will make your cat feel comfortable. Here's a checklist to help you prepare for boarding your cat at Evergreen Cat Lodge. Please call us if you have any questions.

Mandatory Items:

- Boarding Agreement - completed & signed
- Vaccination Records - FVRCP vaccine required, rabies if cat is allowed outside
- Medications - labeled with cat's name and dosage

Optional Items:

- Food - we serve premium grade wet & dry cat food at no charge, however most owners prefer to keep their cats on their regular diet. It's your choice.
- Worn Clothing - your scent is comforting to your cat. You may consider bringing a T-shirt, pillow case or blanket. It reminds them of home.
- Scratching Post
- Brush
- Toys
- Cat Bed - we provide comfy beds so it's up to you if you want to bring their bed from home
- Cat Treats - again, we provide treats but they may be a different brand than your cat is used to.
- Map (printed from our website) - Some owners have indicated that their car's GPS system gave incorrect directions to the cat lodge. If in doubt, print the map from our website.

Important!

In the event that your travel plans are disrupted and your return is delayed, it is important that we can continue to administer any necessary medications to your cat. Therefore you should make sure to provide a few extra days worth of medication. The same is true for food if you choose to provide it. Any unused medication and food is returned to you when you pickup your cat.
